

FAMILY MUSEUM WORKSHEET

Imagine you were asked to represent yourself or your family by placing different types of objects in a museum. This is what is called an “exhibition”. To make your own exhibition:

1. Objects: find the oldest thing in your house.
2. Photographs: find the oldest photograph you can of your family.
3. Favourites: find your own most treasured things.
4. Achievements. Write down the things that you or other people in your family have done that you are most proud of.

Draw your own museum pieces in the display page.
